

Vertical Climbing Systems

4-1000 LadderLock System

FrenchCreek ladder lock system is a method of covering an 8’ section of a fixed ladder in order to control access. The system comes with the ladder guard as well as all required materials to attach the guard to a fixed ladder.

◆◆ 4-1000
Complete 8’ ladder lock system

Standard Ladder Lock system includes all hardware necessary to mount to ladders 12”-24” wide.

Confined Space Systems

Confined spaces exist in nearly every industry, and many workers come into contact with at least one during the course of their work. According to OSHA, approximately 90 deaths involving confined spaces occur every year. Unfortunately two-thirds of those deaths are workers killed while trying to perform a rescue.

FrenchCreek manufactures top quality rescue equipment, complete rescue systems, and accessories to aid in rescue or recovery, all of which meet or exceed OSHA requirements for confined space rescue.

Tripod
Confined Space Systems

The FrenchCreek tripod system incorporates a lightweight design that is capable of withstanding 5,000 lbs. of vertical load making it easy to transport to those tight confined spaces.

R50SS rescue unit
MW50SS work winch

See next page for a complete list of system components

R50 Series
3-WayRescue SRL

The R50 series unit is a Self Retracting lifeline, capable of raising and lowering for rescue and retrieval. Upon a fall, the system can be activated into winch mode, for raising and lowering the worker to safety.

- ♥ Rugged, lightweight aluminum housing
- ♥ Dual internal inertia braking system
- ♥ Includes pulley & carabiner
- ♥ Load indicating snaphook
- ♥ Three lifeline constituents available, see below

MW Series
Material Winch

The MW series winches offer raising and lowering capabilities with a friction break that prevents the unit from free-wheeling when under a load.

- ♥ Rugged, steel frame drum
- ♥ Three lifeline constituents and lengths available, see below
- ♥ Includes pulley & carabiner
- ♥ Includes swivel snaphook

TP7 Series
Aluminum Tripods

FrenchCreek confined space tripods are designed to withstand 5,000 lbs. of vertical load, yet are lightweight and portable, offering single person setup that is quick and easy.

- ♥ Adjustable/locking aluminum frame and chain
- ♥ Available in 7' or 9' lengths, see below
